

FINAL TERMS SHEET.

RETAIL GREEN BOND OFFER 2023.

FINAL TERMS SHEET.

Dated 9 June 2023

This final terms sheet (**Terms Sheet**) sets out the key terms of an issue by Mercury NZ Limited (**Mercury**) of \$150,000,000 of 5 year unsecured, unsubordinated, fixed rate green bonds maturing on 19 June 2028 (**Green Bonds**) under its master trust deed dated 4 April 2003 (as amended from time to time) (**Master Trust Deed**) as modified and supplemented by the supplemental trust deed dated 6 June 2023 (together, the **Trust Deed**) entered into between Mercury and The New Zealand Guardian Trust Company Limited as supervisor (**Bond Supervisor**). Unless the context otherwise requires, capitalised terms used in this Terms Sheet have the same meaning as given to them in the Trust Deed.

IMPORTANT NOTICE

The offer of Green Bonds by Mercury is made in reliance upon the exclusion in clause 19 of schedule 1 of the Financial Markets Conduct Act 2013 (**FMCA**).

The offer contained in this Terms Sheet is an offer of debt securities that have identical rights, privileges, limitations and conditions (except for the interest rate and maturity date) as:

- Mercury's \$200,000,000 unsecured, unsubordinated, fixed rate green bonds with an interest rate of 1.56% per annum and a maturity date of 14 September 2027, which are currently quoted on the NZX Debt Market under the ticker code MCY030 (**MCY030 Bonds**); and
- Mercury's \$200,000,000 unsecured, unsubordinated, fixed rate green bonds with an interest rate of 2.16% per annum and a maturity date of 29 September 2026, which are currently quoted on the NZX Debt Market under the ticker code MCY040 (**MCY040 Bonds**).

Accordingly, the Green Bonds are the same class as the MCY030 Bonds and MCY040 Bonds for the purposes of the FMCA and the Financial Markets Conduct Regulations 2014.

Mercury is subject to a disclosure obligation that requires it to notify certain material information to NZX Limited (**NZX**) for the purpose of that information being made available to participants in the market and that information can be found by visiting: www.nzx.com/companies/MCY.

The MCY030 Bonds and MCY040 Bonds are the only debt securities of Mercury that are in the same class as the Green Bonds and are currently quoted on the NZX Debt Market.

Investors should look to the market price of the MCY030 Bonds and MCY040 Bonds referred to above to find out how the market assesses the returns and risk premium for those bonds. When comparing the yield of different debt securities, it is important to consider all relevant factors (including credit rating (if any), maturity and other terms of the relevant debt securities).

Important information

You should read the 'Important Information' in Schedule 3 of this Terms Sheet.

Issuer	Mercury NZ Limited (Mercury).
Description of Green Bonds	Unsecured, unsubordinated, fixed rate green bonds (Green Bonds).
Term	5 years, maturing 19 June 2028 (Maturity Date).
Issue Amount	\$150,000,000.

Credit Ratings	Issuer Credit Rating	Issue Credit Rating for Green Bonds
S&P Global Ratings	BBB+ (stable)	BBB+

Mercury's current Issuer Credit Rating includes a one-notch uplift from the company's stand-alone credit profile of 'bbb', reflecting the legislated majority ownership by the Crown. The Crown does not guarantee the Green Bonds and is under no obligation to provide financial support to Mercury.

A credit rating is an independent opinion of the capability and willingness of an entity to repay its debts (in other words, its creditworthiness). It is not a guarantee that the financial product being offered is a safe investment. A credit rating should be considered alongside all other relevant information when making an investment decision.

A credit rating is not a recommendation by any rating organisation to buy, sell or hold Green Bonds. The above credit ratings are current as at the date of this Terms Sheet and may be subject to suspension, revision or withdrawal at any time by S&P Global Ratings.

Purpose	<p>The proceeds of this offer are intended to be earmarked to finance or refinance new or existing projects and expenditures relating to renewable energy and other eligible projects (Eligible Projects), in accordance with Mercury's Green Financing Framework dated August 2020 (as amended from time to time) (the Green Financing Framework). In particular, as at the date of this Terms Sheet, Mercury expects to apply the net proceeds of the offer to refinance existing debt, and to track an amount equal to the net proceeds within its systems, earmarked to Eligible Projects. The Green Financing Framework provides for net proceeds of green financing (including the Green Bonds) to be no greater than Mercury's debt obligation to the pool of Eligible Projects, and the total value of Eligible Projects to be at least equal to the original principal amount of total green financing.</p> <p>A copy of the Green Financing Framework is available on Mercury's website at www.mercury.co.nz/green-bonds</p> <p>The Bond Supervisor has no obligations in relation to the application of the proceeds of the Green Bonds.</p>
----------------	--

The Green Bond Principles and Climate Bonds Standard

Mercury has developed and adopted the Green Financing Framework to ensure that, as at the date of this Terms Sheet, its processes for identifying Eligible Projects and managing the use of the proceeds of the Green Bonds are consistent with the Green Bond Principles (as amended from time to time, the **Green Bond Principles**) as published by the International Capital Market Association and the Climate Bonds Standard (as amended from time to time, the **Climate Bonds Standard**), implemented by the Climate Bonds Initiative (**CBI**).

Mercury has obtained programmatic certification of its green bonds from CBI. Programmatic certification requires Mercury to obtain independent annual verification of all issuances under Mercury's green bond programme for the duration of the programme. Mercury has also obtained specific CBI pre-issuance certification of the Green Bonds to be issued.

Copies of the CBI certifications and limited assurance conclusions from an independent verifier, DNV GL Business Assurance Australia Pty Ltd are available on Mercury's website at www.mercury.co.nz/green-bonds

No Event of Default in relation to Green Financing Framework, Green Bond Principles or Climate Bonds Standard

If:

- Mercury fails to earmark the proceeds of the Green Bonds as described in this Terms Sheet or the Green Financing Framework;
- Mercury fails to comply with the Green Financing Framework;
- Mercury undertakes non-Eligible Projects outside of the Green Financing Framework;
- Mercury fails to comply with any environmental laws and standards in respect of the Eligible Projects or otherwise;
- the Green Bonds cease to satisfy the Green Bond Principles or the Climate Bonds Standard;
- Mercury fails to maintain CBI certification of the Green Bonds; or
- Mercury fails to notify holders of Green Bonds (**Bondholders**) that the Green Bonds cease to comply with the Green Financing Framework, the Green Bond Principles or the Climate Bonds Standard,

then:

- no Event of Default will occur in relation to the Green Bonds; and
- neither you nor Mercury have any right for the Green Bonds to be repaid early.

Mercury's obligations under the Trust Deed are not affected by the labelling of the Green Bonds as green bonds, and any breach of the Trust Deed (including in relation to non-compliance with any laws, directives and consents, whether environmental or otherwise) is to be determined without regard to any such green bond label, the Green Financing Framework, the Green Bond Principles or the Climate Bonds Standard. Should any of the above scenarios occur (or market practices, standards, principles or regulations further develop in a way that the Green Bonds are not consistent with):

- the Green Bonds may cease to be labelled as green bonds but will remain unsecured, unsubordinated fixed rate bonds. If the Green Bonds cease to be labelled as green bonds, then Mercury will make a public statement as such, and from that point in time, the Green Financing Framework will no longer govern the management of the bonds. This means there is no legal obligation on Mercury to comply with the Green Financing Framework, the Green Bond Principles or the Climate Bonds Standard on an ongoing basis; and
 - Bondholders that invested in Green Bonds on the basis of the green label or compliance with green principles or standards may consider that the bonds no longer align with their intentions or requirements. Bondholders looking to sell their bonds at that time may have increased difficulty finding interested buyers or obtaining an acceptable price.
-

Issue Price	\$1.00 per Green Bond, being the Principal Amount of each Green Bond.
Interest Rate	5.64% per annum, being the sum of the Swap Rate on the Rate Set Date and the Issue Margin.
Issue Margin	1.05% per annum.
Swap Rate	The mid-market rate for an interest rate swap of a term matching the period from the Issue Date to the Maturity Date as calculated by the Arranger in conjunction with Mercury, according to market convention, with reference to Bloomberg page ICNZ4 (or any successor page) on the Rate Set Date (rounded to 2 decimal places, if necessary, with 0.005 rounded up).
Interest Payments	Semi-annual in arrear in equal amounts on 19 June and 19 December in each year (or if that day is not a Business Day, the next Business Day and no adjustment will be made to the amount payable as a result in the delay of payment) until and including the Maturity Date, with the First Interest Payment Date being 19 December 2023.
Record Date	5.00pm on the date that is 10 calendar days before the relevant scheduled Interest Payment Date (prior to any adjustment to the Interest Payment Date to fall on a Business Day). If the record date falls on a day which is not a Business Day, the record date will be the immediately preceding Business Day.
Financial Covenant	Mercury agrees to ensure that Net Worth (being total assets less total liabilities of Mercury and its subsidiaries, on a consolidated basis, calculated in accordance with the Master Trust Deed) at any time will not be less than \$500 million.
No Guarantee	Mercury is the issuer and the sole obligor in respect of the Green Bonds. None of the Crown, any subsidiary of Mercury or any other person guarantees the Green Bonds. Mercury has some guaranteed liabilities to USPP noteholders and banks (Guaranteed Liabilities). The Guaranteed Liabilities are unsecured but (unlike Bondholders) those creditors have the benefit of guarantees from certain subsidiaries of Mercury so may also claim directly against those subsidiaries.
Ranking	On a liquidation of Mercury, the Green Bonds will rank as unsecured and unsubordinated obligations of Mercury and will rank: <ul style="list-style-type: none"> • below any secured liabilities and liabilities which are preferred by law; • equally with Guaranteed Liabilities, however (unlike Bondholders, as described above) the creditors of Guaranteed Liabilities have the benefit of guarantees from certain subsidiaries of Mercury so may also claim directly against those subsidiaries; • equally with (and will be repaid at the same time and pro rata with) all other unsecured and unsubordinated liabilities of Mercury, such as those owing to other Bondholders; and • ahead of Mercury's subordinated liabilities (including capital bonds) and shareholders.
Security	The Green Bonds are not secured.

SCHEDULE 1 – CBI DISCLAIMER.

The certification of the Green Bonds as Climate Bonds by the Climate Bonds Initiative is based solely on the Climate Bond Standard and does not, and is not intended to, make any representation or give any assurance with respect to any other matter relating to the Green Bonds or any Eligible Project, including but not limited to the Terms Sheet, the transaction documents, Mercury or the management of Mercury.

The certification of the Green Bonds as Climate Bonds by the Climate Bonds Initiative was addressed solely to the board of directors of Mercury and is not a recommendation to any person to purchase, hold or sell the Green Bonds and such certification does not address the market price or suitability of the Green Bonds for a particular investor. The certification also does not address the merits of the decision by Mercury or any third party to participate in any Eligible Project and does not express and should not be deemed to be an expression of an opinion as to Mercury or any aspect of any Eligible Project (including but not limited to the financial viability of any Eligible Project) other than with respect to conformance with the Climate Bonds Standard.

In issuing or monitoring, as applicable, the certification, the Climate Bonds Initiative has assumed and relied upon and will assume

and rely upon the accuracy and completeness in all material respects of the information supplied or otherwise made available to the Climate Bonds Initiative. The Climate Bonds Initiative does not assume or accept any responsibility to any person for independently verifying (and it has not verified) such information or to undertake (and it has not undertaken) any independent evaluation of any Eligible Project or Mercury. In addition, the Climate Bonds Initiative does not assume any obligation to conduct (and it has not conducted) any physical inspection of any Eligible Project. The certification may only be used with the Green Bonds and may not be used for any other purpose without the Climate Bonds Initiative's prior written consent.

The certification does not and is not in any way intended to address the likelihood of timely payment of interest when due on the Green Bonds and/or the payment of principal at maturity or any other date.

The certification may be withdrawn at any time in the Climate Bonds Initiative's sole and absolute discretion and there can be no assurance that such certification will not be withdrawn.

SCHEDULE 2 – SELLING RESTRICTIONS.

GENERAL

The Green Bonds may only be offered or sold in conformity with all applicable laws and regulations in New Zealand and in any other jurisdiction in which the Green Bonds are offered, sold or delivered. Specific selling restrictions as of the date of this Terms Sheet are set out below for the United States, Australia, Hong Kong, Japan, Singapore, the United Kingdom and Switzerland.

No action has been or will be taken by Mercury which would permit an offer of Green Bonds, or possession or distribution of any offering material, in any country or jurisdiction where action for that purpose is required (other than New Zealand).

No person may purchase, offer, sell, distribute or deliver Green Bonds, or have in their possession, publish, deliver or distribute to any person, any offering material or any documents in connection with the Green Bonds, in any jurisdiction other than in compliance with all applicable laws and regulations and the specific selling restrictions set out below. Only the Joint Lead Managers may distribute this Terms Sheet outside New Zealand and only in compliance with the specific selling restrictions set out below. In particular, this Terms Sheet may not be distributed to any person in the United States and the Green Bonds may not be offered or sold, directly or indirectly, to any person in the United States.

By subscribing for Green Bonds, you indemnify Mercury, the Arranger, the Joint Lead Managers, the Green Bond Co-ordinator, the Securities Registrar and the Bond Supervisor in respect of any loss incurred as a result of you breaching these selling restrictions.

The Green Bonds will not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time, or (ii) otherwise until 40 days after the completion of the distribution of all Green Bonds, as determined and certified by the Joint Lead Managers except in accordance with Rule 903 of Regulation S. Any Green Bonds sold to any distributor, dealer or person receiving a selling concession, fee or other remuneration during the distribution compliance period

Terms used above have the meaning given to them by Regulation S.”

Until 40 days after the completion of the distribution of all Green Bonds, an offer or sale of the Green Bonds within the United States by any Joint Lead Manager or any dealer or other distributor (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Regulation S.

AUSTRALIA

This Terms Sheet and the offer of Green Bonds are only made available in Australia to persons to whom an offer of securities can be made without disclosure in accordance with applicable exemptions in sections 708(8) (sophisticated investors) or 708(11) (professional investors) of the Australian Corporations Act 2001 (the **Corporations Act**). This Terms Sheet is not a prospectus, product disclosure statement or any other formal “disclosure document” for the purposes of Australian law and is not required to, and does not, contain all the information which would be required in a “disclosure document” under Australian law. This Terms Sheet has not been and will not be lodged or registered with the Australian Securities & Investments Commission or the Australian Securities Exchange and the issuer is not subject to the continuous disclosure requirements that apply in Australia.

Prospective investors should not construe anything in this Terms Sheet as legal, business or tax advice nor as financial product advice for the purposes of Chapter 7 of the Corporations Act.
