9 CHANGES TO YOUR JOINING BONUS

- 9.1 Once the Term of this offer commences you will not be able to change your chosen joining bonus, unless one of the following applies:
- where an incorrect joining bonus is delivered by Mercury (or its representatives) to you; and/or
 - where an exchange occurs pursuant to your rights under the Consumer Guarantees Act 1993, due to a fault with the joining bonus.
- 9.2 If an incorrect joining bonus is delivered, that joining bonus must remain unopened in its original packaging.
- 9.3 If you have chosen a mobile handset as your joining bonus and separately signed up for a new Mercury mobile service, your SIM card will be sent when your mobile service commences. Your mobile handset will be dispatched after commencement of this offer, which may be different to your mobile service commencement date.

10 CHANGES TO PRICING

- 10.1 All pricing will be subject to change at any time during the Term. You will be given notice of any change in accordance with Mercury's General Terms and Conditions for Residential Customers.

- 10.2 If you have electricity and either piped gas and/or LPG with Mercury at the same address (determined by Electricity and Gas registry data provided to Mercury), you will receive a 17.25 cent per day (inc GST) Dual Fuel Discount. The Dual Fuel Discount will be applied as a credit in the gas charges section of your bill each month. If you no longer have both electricity and either piped gas or LPG at the same address with Mercury, you will not receive the Dual Fuel Discount.
- 10.3 If during the Term you move to a different property, your energy pricing and Dual Fuel Discount may be different at your new property.
- 10.4 If during the Term you move to a different property, you must remain on the same broadband service you signed up for as part of this offer, and retain your electricity service. If that broadband service is not available at the new property, you must retain a broadband service with us in order to remain eligible for this offer.
- 10.5 There are no upfront installation costs on standard fibre broadband installations if you're not already connected to fibre. If your home is more than 200m from where the fibre cable access point is on the street, or you need additional internal wiring, there may be an additional installation cost.

11 ROUTER REQUIREMENTS

- 11.1 Customers with a fibre service can choose to receive a Mercury router, or to bring their own device, subject to the device meeting the specifications for a router compatible with Mercury's fibre services. These specifications are available at mercury.co.nz/fibre-BYOD-specs. Using a non-compatible router means you may not be capable of receiving the stated speeds for Mercury's fibre services.
- 11.2 If you choose wireless broadband, you'll require a Mercury router for this service. The router supplied may be a refurbished device that has undergone thorough testing to ensure it meets our quality and performance standards. Mercury will provide this router to you as a free rental for the duration of your wireless broadband service (refer to clause 11.5)
- 11.3 When you receive the equipment from Mercury as a consumer, you have rights under the Consumer Guarantees Act 1993 (CGA) and the Fair Trading Act 1986 (FTA).
- 11.4 A \$14.95 postage and handling charge will apply for the delivery of all Mercury-issued routers.
- 11.5 Router Rental
- Ownership: the router remains the property of Mercury, customers renting a router do not acquire ownership rights.
 - Rental Fee: The router rental is free for all customers who require wireless broadband
 - Return Policy: The router must be returned within 14 days of service cancellation or fibre upgrade. When your service ends, we'll send you a pre-paid courier return bag. Returns must include all accessories (power adapter, cables) and be in good condition, allowing for fair wear and tear.

13 CHANGING YOUR BROADBAND PLAN DURING THE TERM

13.1 The following changes are permitted during the Term:

- (a) FibreMax customers with a Tier One joining bonus can switch to FibreClassic during the Term.
- (b) FibreClassic customers can upgrade to FibreMax during the Term.
- (c) Wireless broadband customers may upgrade to FibreClassic or FibreMax during the Term, subject to fibre availability at the property.
- (d) Wireless broadband customers may be able to change between wireless broadband plans during the Term. Changing between wireless broadband plans is subject to availability. Wireless broadband customers may switch to a wireless broadband plan with a lower data allowance. However, Mercury cannot guarantee that a higher data allowance will be available in future if customers wish to switch back to a higher allowance plan.

13.2 The following changes are not permitted during the Term:

- (a) Changing from FibreMax to FibreClassic if a Tier Two joining bonus has been selected.
- (b) Moving from FibreClassic or FibreMax to a wireless broadband service or to FibreLite

14 WIRELESS BROADBAND

14.1 This section 13 applies to customers who select a wireless broadband service.

14.2 Wireless broadband services are not available in all areas, or to all properties or customers within availability areas. In addition, the 1000GB plan is available only in limited areas proximate to cellphone towers. Please contact us or see our website to determine whether wireless broadband is available at your address.

14.3 If you have chosen a capped wireless broadband plan, any unused data from your monthly data allowance will not be carried forward to the following month.

14.4 Additional data packs are available for capped wireless broadband plans and charged at \$10 for 10GB. Data packs are either automatically or manually applied. A one-off 10GB data pack is automatically applied when the full monthly data allowance on your capped wireless broadband plan has been consumed (if no manual data packs have been added already, otherwise it will activate after the manually added data pack has been consumed). There is only one automatically applied data pack available per month. There are 4 manual data packs available for purchase per month for the capped wireless broadband plans. Data packs are available for use for 30 days from purchase.

14.5 If you have chosen a wireless broadband plan that is not a capped plan, any unused data from your monthly data allowance will not be carried forward to the following month. Once your full monthly data allowance has been consumed the maximum speeds for your wireless broadband plan will be reduced to 5Mbps until your monthly plan renewal date. Where your maximum speeds have been reduced, you will still be able to use your wireless broadband but you may experience some degradations (such as lower video resolution) when watching video, streaming or loading images. Your speeds may be less than 5Mbps during the period that your maximum speeds are reduced because of other factors that affect wireless broadband speeds (see Mercury's Phone and Internet Terms for details).

14.6 You will be able to check on your data usage, but we are unable to show your data usage in real time. It is updated approximately every hour and, under normal conditions, will reflect usage up to 4 hours earlier. However, in some circumstances, such as when there are large numbers of users on the internet, it can sometimes take longer for your usage information to be updated, particularly at the end of your billing month. It is important that you take this into account when tracking your usage. Whilst we will use our best endeavours to notify you when you have used 80% of your data and 100% of your data, it is ultimately your responsibility to manage and monitor how many megabytes or gigabytes of data you have used.

15 EARLY TERMINATION FEES

15.1 When you sign up to Mercury, we incur costs to provide our services to you. We don't mind paying these if you commit to taking services from us for the Term. On the other hand, if you terminate early, we still have to pay these costs. If you terminate before the end of the Term, you need to repay some of those costs to us as set out below. If you terminate or switch either electricity or broadband providers within the Term, you'll need to pay an early termination fee (this will be added to your next bill). This early termination fee varies depending on the broadband service you select and which joining bonus you receive as part of this offer and will reduce by a set amount each month over the term of your Agreement, as set out below. An Early Termination fee is only payable once during the Term.

15.2 If your Agreement with Mercury is terminated under the "Termination" section of Mercury's General Residential Terms and Conditions for your breach (including, for example, for regular non-payment of invoices), the applicable early termination fees for your plan will be payable by you.
